

Text of email from Ruth Burns (for Charing Primary School) 5<sup>th</sup> Nov 2010:

Subject: Charing School Pond

Dear Mr Lewis,

Thank you for your letter, which I received today asking for an update on our school pond. You will be please to hear that our school pond is underway as originally envisaged in the grant application. The school house has now been demolished and this did cause a delay. However, we have dug and lined the pond, put in an access gate and got the hard-standing down for the access paths. The walkway and bridge is being built off site at the moment. We hope this will be finished by Christmas, with final planting in the spring. I hope this is all OK. We will be delighted to show you the pond in due course. Kind regards, Ruth.
