Dear Mr Lewis

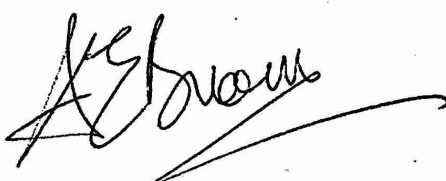

18 June 2017

Thank you for your letter of 8 June regarding the donation of £8,300 from the Nineveh Charitable Trust to our project called Rivers in Elmet. We are so grateful for the donation and it will be added to the pot of money we have already set aside for this project which will run over two or three years. Your contribution will allow us to considerably develop the education and community engagement aspects of the project with opportunities for local people to learn about, appreciate and look after the becks on their doorstep.

We would be pleased to keep you informed of progress with this project and as a start I am pleased to let you know that we are now in the process of recruiting an Education and Engagement Officer who will be helping with this project. We have advertised this post in a number of places and you can view it on our web site or at <http://www.environmentjob.co.uk/jobs>

We would also be delighted to welcome you and your Trustees to visit the Trust and we could combine it with a visit to the project area and meeting some of the local people involved. I will let you know when the project is up and running fully and then we can see if we can find a convenient date for your visit.

In the meantime a very big thank you from all of us at the Yorkshire Dales Rivers Trust.

Dr Andy Brown CBE
Chair YDRT
